All donations may be brought to the donation drop-off area located at the south of our building. Pull up to our employee gate and honk. When the gate opens, drive back to the loading dock and warehouse employees will help you unload and give you a tax receipt. Please let them know these are for the gift bags.

The week before Christmas, volunteers will put the above items into pillowcases and tie together with a cord. These will be handed out to the men on Christmas Eve.

Approximately 600 Christmas bags will be handed out, but we will take any number and combination of items you can provide. Items should be boxed together and labeled.

Please contact Ashley Farmer, Volunteer Coordinator, for more information at 801.819.7298 or afarmer@theroadhome.org.
