

Directions to the Salt Lake Community Shelter and Resource Center:

Salt Lake Community Shelter and Resource Center is located at 210 South Rio Grande (455 West) on the west side corner of 200 South and 455 West. We are located just across 200 South from the Gateway Mall and to the north of Rio Grande Café.

You can access 455 West from 400 South or 300 South (from the east side). Due to Trax, you can no longer take a left on 200 South if traveling west.

We ask that you do not park in the Rio Grande parking lot. The best place to park is at the Gateway Mall's "Summer Parking" garage off of 200 South and walk over. Please enter the first set of double doors on Rio Grande.

For Donation Drop-off:

Donations are accepted Monday through Sunday between 7:00 a.m. and 7:00 p.m. at our loading dock. To access the donation drop-off area, pull up to the gate located just to the south of our building and honk. Once the gate is opened pull back to the loading ramp and our warehouse staff will help unload and give you a tax receipt.

If you have donations to bring in after hours, you can bring them to the family shelter front desk which is located through the set of double doors closest to 200 South. If you have a large donation, you can come to the front desk to let the staff know you have a large donation and they will arrange to meet you at the loading ramp to the side of the building.
