The mission of The Road Home is to help local people step out of homelessness and back into our community.

History
Originally established in 1923 to assist stranded travelers. The Road Home has grown to address a spectrum of needs encountered by people experiencing homelessness including, emergency assistance, shelter, case management and housing services. Services include the SL Community Shelter, which is the largest shelter in Utah, and the Community Winter Shelter Program, which serves as an overflow shelter during the coldest time of year. In addition, The Road Home has developed a comprehensive housing program with case managers focused on helping people find and maintain housing as quickly as possible.

The Road Home offers Utahns who are struggling with homelessness the following services:

Emergency Services
The Salt Lake Community Shelter operates 24 hours per day/365 days per year. The Road Home provide shelter to 375 single men, 75 single women and 31 families with 65-75 children nightly and operates an Emergency Winter Shelter, which serves an additional 300 people each night from November-April. Over 3,000 people a year receive identification, travel assistance, hygiene items, clothing, and more.

Self-Sufficiency Programs
Personal case managers help give people the resources and the life skills they need to move from the shelter into permanent housing. The Road Home administers over $300,000 in rental assistance annually, manages 26 transitional housing units and operates the state’s largest permanent supportive housing facility: Palmer Court.

Community Connections & Advocacy
The agency communicates the needs for social improvement by participating on countywide committees to advocate community shelter and housing programs.

Agency Collaboration
They also work with a broad coalition of partners to provide additional services such as substance abuse treatment, mental health counseling, health cards, employment assistance, children’s activities and housing.
